504 Loan & Grant Programs (Program Changes)

- Changes were made to the program in order to: **create consistency and provide guidance**. See HB 1-3550, Chapter 12. [https://www.rd.usda.gov/publications/regulations-guidelines/handbooks](https://www.rd.usda.gov/publications/regulations-guidelines/handbooks)

- **Grant Program Changes**: Create income based eligibility, otherwise known as “Grant Limits”. Grant Limits will be used to determine if an applicant is automatically qualified for 100% grant assistance. Applicant whose adjusted household income does not exceed 30% of Area Median Income (AMI) will be eligible for 100% grant funding. Grant limits established using un-banded income limits.

- **Loan Program Changes**: Determine eligibility based on affordability using a Total Debt(TD) repayment ratio of 46%. Eliminating the use of RD Form 1944-3, Budget and/or Financial Statement.
DETERMINE TYPE OF ELIGIBILITY in 4 Steps

1. Is the applicant 62?
   Are they eligible for grant assistance?

2. What is the 30% Adjusted Median Income (AMI)?
   Will this be 100% Grant assistance or Combo/loan?

3. Determine the applicants total debt ratio (TD).
   Will it be a combo or Loan?

4. Determine loan/combination amount up to 46% total debt.
   How much will they receive?
Certified Packaging For RD Housing Programs

• Certified packagers increase awareness of RD homeownership opportunities and assist with the application process.
• Package high quality loan files to submit to RD local offices for review/approval.
• Something for Tribes/ TDHEs to consider:
  • Tribal Homeownership activities may already include credit counseling and gathering documentation to determine repayment ability
  • Packaging the loan to Rural Development allows a fee to be collected for the service
  • TDHEs/Tribes know their area and housing opportunities
  • Increases homeownership opportunities for Tribal members both on and off Tribal land.
